

International Mail Accounting

The International Mail Accounting course helps participants understand how this important topic can have a significant impact on the bottom line of their business. Through a variety of in-class lectures, presentations by experts and group exercises participants will be given a thorough overview on the issues involved with international mail accounting. The course incorporates a three-day IPS /IPS.Post workshop to provide participants with detailed training on using the UPU system for all types of Accounting activities. A special workshop on Terminal Dues is also scheduled for the IMA participants.

Important Definitions	Inward land Rates	Terminal Dues
EMS Pay for Performance	Transit Charges	Quality of Service Link
